Date: 12/04/2023**REPORT**

Name of the Program : Xpharmaand hands-on Practice Program
Date of Program : 11/04/2023
Resource Person details : Dr. G. Praneeth

Vaagdevi Institute of Pharmaceutical sciences (VIPS) has held an enlightening event, "Xpharma and a hands-on Practice Program" along with an engaging hands-on practice program specifically for B.Pharm and Pharm.D students. Spearheaded by **Dr. G. Praneeth** an esteemed associate professor at VIPS, this initiative aimed to acquaint students with the intricacies of Xpharma, a comprehensive platform integral to pharmaceutical studies. The Xpharma program, a pivotal component of the session, was meticulously explained to the students. It serves as a multifaceted tool encompassing a broad spectrum of pharmaceutical topics, ranging from dosage considerations to the underlying causes and therapeutic applications of various medications and treatments. By delivering these fundamental aspects, students gained a deeper understanding of pharmacological principles and their real-world applications. During the session, participants actively engaged in discussions and practical exercises, thereby enhancing their grasp of the subject matter. This interactive approach facilitated hands-on learning experiences, enabling students to apply theoretical knowledge to practical scenarios effectively.

The session also provided valuable insights into crucial aspects such as drug information, toxicity profiles, disease management strategies, acute care interventions, and the role of alternative medicine. Emphasizing the importance of therapeutically appropriate

The students offered feedback at the conclusion of the class. The students stated that this curriculum taught them a lot about the software-based experimentation technique. Finally, **Dr. M. Radhakishan**, the principal of VIPS, expressed his gratitude to **Dr. G. Praneeth** for giving information to the students.

Vaagdevi Institute of Pharmaceutical Sciences conducted a programme on “uses and application of Clinirex” for Pharm.D students on 08th April 2022. The primary aim of the training was to provide the students with the necessary skills to utilize Clinirex effectively for conducting their scientific investigations. The significance of Clinirex's uses and applications was discussed by **Dr. K. Manasa**. She delivers all of the students the information needed for registering into the program. Student feedback was taken at the conclusion of the session. According to the students, programme was significantly give the awareness of the software-based experimentation technique. Finally, the Principal of VIPS, **Dr. M. Radhakishan**, expressed gratitude to Dr. K Manasa for imparting information to the students.

REPORT

Name of the Program : A Programme on Graph Pad Prism Software

Date of Training : 29/01/2021

Resource Person details : Dr. K. Naresh

The "A Programme on Graph Pad Prism software" was an informative session held at Vaagdevi Institute of Pharmaceutical Sciences (VIPS). Designed for B.Pharm and Pharm.D. students on January 29, 2021. The purpose of the program, which was organized by distinguished VIPS Associate Professor **Dr. K. Naresh**, was to help students get a better understanding of Graph Pad Prism, a crucial tool for pharmaceutical research.

The event commenced with an insightful keynote address by **Dr. K. Naresh**, who emphasized the significance of GraphPad Prism in pharmaceutical research and data analysis. He elucidated how GraphPad Prism facilitates various analytical processes crucial for pharmaceutical studies, ranging from basic statistical analysis to complex graphical representation of data. Subsequently, participants engaged in hands-on practice sessions guided by experienced faculty members. Through interactive demonstrations, students learned the practical application of GraphPad Prism software, exploring its diverse features and functionalities. The workshop provided a conducive environment for students to enhance their analytical skills and gain proficiency in data interpretation.

Feedback from participants was overwhelmingly positive, with many expressing gratitude for the opportunity to deepen their understanding of GraphPad Prism. Students lauded the hands-on approach adopted during the workshop, highlighting its effectiveness in enhancing their practical skills. Moreover, the interactive nature of the sessions fostered an engaging learning environment, facilitating active participation and knowledge retention.

Finally, **Dr. M. Radhakishan**, the principal of VIPS, expressed his gratitude to **Dr. K. Naresh** for giving information to the students.

REPORT

Name of the Program : 'Uses and applications of Delnet Software'
Date of Program : 12th February 2020
Resource Person details : Dr. K. Rajitha

The Vaagdevi Institute of Pharmaceutical Sciences organized a programme for B.Pharm and Pharm.D students on "Uses and application of Delnet Software". The main goal of the program was to provide the students with the knowledge and abilities needed to use Delnet efficiently when doing scientific study., **Dr. K. Rajitha** addressed about the importance of Delnet uses and applications. She additionally addressed about how this knowledge was useful in figuring out the drug's mechanism of action in pharmacological trials. She provides the information required for each student to register for the program.

At the end of the session, the students provided feedback. The students reported that they learned many things about the software-based reading journals from this program. In conclusion, **Dr. M. Radhakishan**, the Principal of VIPS, conveyed his appreciation to **Dr. K. Rajitha** for sharing knowledge with the students.

Date: 27/10/2018**REPORT**

Name of the Program : Power Point Skill Program
Date : 26th October 2018
Resource Person details : Mrs. M. Sushrutha

The Vaagdevi Institute of Pharmaceutical Sciences (VIPS) conducted a "PowerPoint Skills Program" session to third-year Pharm.D. and second - year B.Pharm. students on October 26, 2018. The program was handled by **Mrs. M. Sushrutha**, an Assistant Professor at VIPS. Its objective was to teach students how to use PowerPoint efficiently, which is crucial for their pharmacy studies. The programme began with Mrs. M. Sushrutha explaining why good presentation skills matter in pharmacy. Then, students got to practice using PowerPoint with the help of experienced teachers. They learned how to make slides, organize information, and present it well. The workshop aimed to boost their confidence in presenting their work.

- Better PowerPoint Skills: Students became better at using PowerPoint to create professional-looking presentations for their pharmacy studies.
- Improved Communication: The workshop focused on helping students express their ideas clearly using PowerPoint slides.
- Presentation Techniques: Students learned how to structure their presentations and engage their audience effectively.
- Increased Confidence: Through practice and feedback, students gained confidence in presenting their work to others.

Students liked the practical nature of the programme and felt it helped them understand PowerPoint better. They appreciated the teachers' guidance and the chance to practice their skills.
